Courses marked with a footnote may have additional costs that are not part of the University Composition Fee; please check below for further information.

1: MPhil in African Studies

Students admitted to the MPhil in African Studies may be liable for additional costs associated with research-related travel and/or fieldwork expenses, depending on their chosen dissertation project.

2: PhD in Antarctic Studies

Certain projects may require additional funds for fieldwork or laboratory costs. In some cases students may need to contribute to these costs.

3: MAST in Applied Mathematics

All M.A.St. courses are treated as undergraduate courses for fee purposes. Overseas students are therefore also charged the undergraduate College fee. This varies from College to College. The *estimated* financial liability for the overseas College fee for admission in 2016-17 is £8,625 and is in addition to the University Composition Fee and maintenance costs.

4: MPhil in Archaeological Research

Additional costs may be incurred in relation to fieldwork or research trips. Applicants should discuss any additional costs with their potential supervisor prior to application.

5: MPhil in Archaeology

Additional costs may be incurred in relation to fieldwork or research trips. Applicants should discuss any additional costs with their potential supervisor prior to application.

6: PhD in Archaeology

Additional costs may be incurred in relation to fieldwork or research trips. Applicants should discuss any additional costs with their potential supervisor prior to application.

7: MPhil in Architecture and Urban Design

Any full-time student eligible for Home/EU fees who started their Part 1 course before 1 September 2012 will be treated as an existing student for the duration of the course and will be subject to different fees from those listed above. This will be the case even if they switch institutions between Part 1 and Part 2 as long as they remain in the UK, do not change their mode of study (eg from full to part-time), and do not have a gap of more than 3 years after completing Part 1. Contact grad.enquiries@aha.cam.ac.uk if you think that you may be eligible to be charged 'old regime' fees.

Whilst there are bursaries available on a competitive basis, students are expected to meet or arrange for the costs of their fieldwork. Students are also expected to fund their own materials and equipment; eg paper and print.

8: MPhil in Architecture and Urban Studies

Students have to cover the cost of printing although the department subsidizes printing for all students. Other costs include voluntary trips to conferences, usually within the United Kingdom. Sometimes, field trips are useful in order to carry out research. The university and its colleges offer small bursaries for graduate students to give papers at conferences and go on field trips. Bursaries are awarded on a competitive basis and may not cover the full cost of the trip. Students are expected to purchase relevant books and other basic working material (such as stationery).

9: MPhil in Assyriology

Additional costs may be incurred in relation to fieldwork or research trips. Applicants should discuss any additional costs with their potential supervisor prior to application.

10: MAST in Astrophysics

All M.A.St. courses are treated as undergraduate courses for fee purposes. Overseas students are therefore also charged the undergraduate College fee. This varies from College to College. The *estimated* financial liability for the overseas College fee for admission in 2016-17 is £8,625 and is in addition to the University Composition Fee and maintenance costs.

11: PhD in Biochemistry

The costs involved in conducting the research project (consumables costs) may be covered in some scholarships or studentships. However, in the absence of such funding being provided, students may be required to bring funds of at least £5,000 per annum to cover the consumables costs.

12: MPhil in Biological Anthropological Science

Additional costs may be incurred in relation to fieldwork or laboratory work, depending on the applicant's specific research interests. Applicants should discuss any additional costs with their potential supervisor prior to application.

13: PhD in Biological Anthropology

Additional costs may be incurred in relation to fieldwork or laboratory work, depending on a student's research interests. Applicants should discuss any additional costs with their potential supervisor prior to application.

14: MPhil in Biological Science (Biochemistry)

The costs involved in conducting the research project (consumables costs) may be covered in some scholarships or studentships. However, in the absence of such funding being provided, students may be required to bring funds of at least £5,000 per annum to cover the consumables costs.

15: MPhil in Biological Science (Zoology)

Additional research costs are likely (e.g. lab consumables or fieldwork), but the amount will depend on the nature of the project. Applicants should discuss requirements with the prospective supervisor, who will be asked to confirm how these costs will be met prior to a conditional offer being made.

16: MPhil in Bioscience Enterprise

Additional Costs: £ 500

The additional cost is compulsory and includes funds for expenses incurred during company visits, conference attendance, travel, occasional meals and refreshments, joint membership of an industry organisation and other miscellaneous expenses.

17: MPhil in Computational Biology

This course involves a mandatory internship. Students are advised that the Department does not provide funding to cover any costs incurred as a result of carrying out this internship (eg. travel costs). Whilst many students carry out their intership in Cambridge, some may choose to go further afield. Those students who undertake internships outside of Cambridge will be expected to meet any additional costs themselves, unless arrangements can be made with the host organisation. If working away, the costs of returning to Cambridge in order to deliver the final assessed presentation will also need to be met by the student.

18: PhD in Education

If students are conducting fieldwork there will normally be expenses associated with this. These will vary, depending on the nature and location of the fieldwork.

19: Doctor of Education

If students are conducting fieldwork there may be expenses associated with this. These will vary, depending on the nature and location of the fieldwork.

20: Master of Education (Child and Adolescent Psychotherapeutic Counselling)

Additional Costs: £ 513

Please note that this accredited course charges a supplementary programme fee due to the additional teaching hours provided on the course. This extra element carries a fee of £1025 over the two years of the course, payable in full at the beginning of the course, resulting in the additional annual cost listed above.

21: MPhil in Education (Child and Adolescent Psychotherapeutic Counselling)

Additional Costs: £ 1,025

Please note that this accredited course charges a supplementary programme fee of £1025 due to the additional teaching hours provided on the course.

22: MPhil in Education (Psychology and Education)

Additional Costs: £ 1,278

This course is accredited as a graduate conversion course by the British Psychological Society (BPS) provided students complete work in addition to the Masters during their time with us. This extra element carries a fee of £1278 for the course.

Graduate basis for chartered membership (GBC), granted by the BPS, allows you to proceed onto courses offering professional training as a Chartered Psychologist (for example, educational or clinical psychology). If you are not planning to become a chartered psychologist in the UK, then GBC is not a necessary element for your Masters work with us, so you can simply follow the Psychology and Education Masters without the additional BPS element. In such cases the additional fee will not be payable.

23: Master of Education (Psychology and Education)

Additional Costs: £ 639

This course is accredited as a graduate conversion course by the British Psychological Society (BPS) provided students complete work in addition to the Masters during their time with us. This extra element carries a fee of £1278 over the two years of the course, payable in full at the beginning of the course, resulting in the additional annual cost listed above. Please that note this additional fee is payable in full at the beginning of the course.

24: MPhil in Egyptology

Additional costs may be incurred in relation to fieldwork or research trips. Applicants should discuss any additional costs with their potential supervisor prior to application.

25: MPhil in Geography

Certain projects may require additional funds for laboratory costs or field-work costs.

<http://www.geog.cam.ac.uk/facilities/labortories/prices/> Applicants should select the MPhil in Geography when making their application. Overseas (non-EU) applicants will need to be aware that different conditions apply depending on the topic of the research project. The department will decide which category your application falls into. This will be either Natural Science/Physical Geography, which carries the Science fee and requires an ATAS statement, or Social Science and Humanities/Human Geography, which carries the Arts fee and does not need an ATAS statement.

26: PhD in History

Many of our students choose to spend a period working away from Cambridge, to conduct research relevant to their PhD. The Faculty has some funds available to help cover the associated fieldwork costs, but demand for these funds is always very high. Students are advised to consider their fieldwork requirements when submitting an application, and to discuss these during the interview where possible.

27: MPhil in Industrial Systems, Manufacture, and Management

Additional Costs: £ 4,000

There is an additional fee covering the cost of company visits, overseas study tour, lodging for company projects and leadership courses outside of Cambridge.

28: PhD in Land Economy

Fieldwork costs: most projects will involve fieldwork away from Cambridge, costs of travel, accommodation and any local costs for accessing sites, documentation or data should be considered. Some financial assistance is available from the Department for fieldwork costs, students may also be able to obtain some funds from their College, but students should be aware that they may need to cover some of the cost of their fieldwork themselves.

29: MPhil in Latin American Studies

Students wishing to undertake research or fieldwork in Latin America will incur costs for flights, accommodation and subsistence. There are sources of funding available to students to apply to for research trips, e.g. the Simon Bolivar Fund Committee and the Santander Student Travel Grants scheme, but students should not expect all of the costs of their research trip to be covered. If you have any concerns about this please speak to a member of CLAS staff before applying noting that research abroad is not a mandatory part of the MPhil course.

30: MAST in Materials Science

All M.A.St. courses are treated as undergraduate courses for fee purposes. Overseas students are therefore also charged the undergraduate College fee. This varies from College to College. The *estimated* financial liability for the overseas College fee for admission in 2016-17 is £8,625 and is in addition to the University Composition Fee and maintenance costs.

31: MAST in Mathematical Statistics

All M.A.St. courses are treated as undergraduate courses for fee purposes. Overseas students are therefore also charged the undergraduate College fee. This varies from College to College. The *estimated* financial liability for the overseas College fee for admission in 2016-17 is £8,625 and is in addition to the University Composition Fee and maintenance costs.

32: MD (Doctor of Medicine)

The fee for the entire course is £7,625 but can be paid in five equal instalments of £1,525. Any outstanding balance is payable before submission of the dissertation.

33: MPhil in Medical Science (CRUKCI)

If an applicant fails to win a competitive studentship to support his/her studies, s/he will be liable for an additional £23,000 per annum (consumables funding) in addition to the cost of study stated by the University

34: PhD in Medical Science (CRUKCI)

If an applicant fails to win a competitive studentship to support his/her studies, s/he will be liable for an additional £23,000 per annum (consumables funding) in addition to the cost of study stated by the University.

35: PhD in Medical Science (MRC Cancer Unit)

Some students may be liable for additional bench fees to support access to laboratory facilities; applicants will be informed of these fees prior to offer.

36: MPhil in Medical Science (MRC Cancer Unit)

Some students may be liable for additional bench fees to support access to laboratory facilities; applicants will be informed of these fees prior to offer

37: MPhil in Medical Science (Psychiatry)

Research related costs per academic year may reach £5000, depending on the project. This includes equipment, books, IT, photocopying, travel for conferences and/or fieldwork costs. Supervisors are often able to partially contribute to these costs depending on the financial resources available. When not possible, and research related costs are not specifically included in your stipend, or you are self-funded, you will usually be expected to raise the associated research costs yourself and you will need to provide evidence that this will be possible. In some cases research costs may be much higher, and you should agree with your supervisor what an appropriate amount might be or consider a more feasible project before signing the Financial Undertaking Form.

38: MPhil in Medical Science (Radiology)

Additional Costs: £ 2,000

The Department reserves the right to charge up to £5,000 in bench fees to cover the costs incurred for, e.g., IT and research expenditure not otherwise covered by an external funding source (such as a grant) - for instance, where a student is self-funding.

39: MPhil in Medical Science (Surgery)

Additional Costs: £ 15,000

Minimum £15,000 per annum for bench fees, depending on the research project.

40: Wellcome Trust MRes + PhD in Metabolic and Cardiovascular Disease

The programme provides fully funded studentships for 4-5 students per year. It does not accept students funded by alternative sources.

41: MPhil in Micro and Nanotechnology Enterprise

Students should be aware that they will need to be available in Cambridge for up to two weeks after the hand-in date for their project dissertation (usually mid July) for a viva voce examination. This will mean that additional living costs may be incurred.

42: PhD in Multi-disciplinary Gender Studies

Additional funds may be needed for fieldwork.

43: MPhil in Music Studies

Students taking Ethnomusicology or opting to carry out fieldwork are advised to make additional financial provision of up to £1000. Students taking the Performance Studies track may proceed to take a recital option, which requires additional financial provision for lessons at an approximate additional cost of £1,200.

44: MAST in Physics

All M.A.St. courses are treated as undergraduate courses for fee purposes. Overseas students are therefore also charged the undergraduate College fee. This varies from College to College. The *estimated* financial liability for the overseas College fee for admission in 2016-17 is £8,625 and is in addition to the University Composition Fee and maintenance costs.

45: PhD in Polar Studies (Scott Polar Research Institute)

Certain projects may require additional funds for laboratory and field work costs.

46: PhD in Psychiatry

Research related costs per academic year may reach £5,000, depending on the project. This includes equipment, books, IT, photocopying, travel for conferences and/or fieldwork costs.

Supervisors are often able to partially contribute to these costs depending on the financial resources available. When not possible, and research related costs are not specifically included in your stipend, or you are self-funded, you will usually be expected to raise the associated research costs yourself and you will need to provide evidence that this will be possible.

In some cases research costs may be much higher, and you should agree with your supervisor what an appropriate amount might be or consider a more feasible project before signing the Financial Undertaking Form.

47: PhD in Psychology

If any fieldwork is required, students can apply for limited funding from the Graduate Education Committee. However this is likely to be insufficient to cover all costs, so students may have to find additional funding elsewhere.

48: MAST in Pure Mathematics

All M.A.St. courses are treated as undergraduate courses for fee purposes. Overseas students are therefore also charged the undergraduate College fee. This varies from College to College. The *estimated* financial liability for the overseas College fee for admission in 2016-17 is £8,625 and is in addition to the University Composition Fee and maintenance costs.

49: PhD in Radiology

The Department reserves the right to charge up to £5,000 p.a. in bench fees to cover the costs incurred for, e.g., IT and research expenditure not otherwise covered by an external funding source (such as a grant) - for instance, where a student is self-funding.

50: MPhil in Social Anthropology

Students opting to undertake fieldwork as part of their dissertation research may incur additional costs for travel and equipments. Such students are advised to make additional financial provision for this.

51: MRes in Social Anthropology

Students opting to undertake a fieldwork-based dissertation may incur additional costs for travel and equipment. Such students are advised to make appropriate financial provision for this prior to commencing the course.

52: PhD in Social Anthropology

All students undertake 12-18 months fieldwork during which they may incur additional costs for travel, maintenance and equipment. Students are able to apply to the University's fieldwork fund for assistance in meeting these additional costs.

53: PhD in Surgery

Additional Costs: £ 15,000

Minimum £15,000 per annum for bench fees, depending on the research project.

54: MPhil in Technology Policy

Additional Costs: £ 1,000

In addition to the University Composition Fee and College fees, an additional fee of £1,000 is required. The additional cost is for supplementary activities and includes funds for:

- £600 towards the cost of the Orientation week and Stakeholder Engagement events throughout the year. These events will include visits to Parliament and Whitehall and to leading public and private sector organisations in London and elsewhere in the UK; seminars and an international webinar. This amount will cover the organisation of visits, travel, meal allowances and any other miscellaneous costs associated with the set-up. This fee is non-refundable.
- £400 towards the cost of an educational trip programme to Brussels or another European Union country. This amount will cover the organisation of the trip. visas, travel, accommodation, allowance for meals, company visits and costs for events organised as part of the programme. In the event that a student cannot make the trip, the non-recoverable costs will not be refunded.

55: MPhil in Veterinary Science

Not normally applied. If, exceptionally, a student proposes a very costly project not funded through the Department's research income and a supervisor can be found for this project, an appropriate level of additional fee may be required.

56: PhD in Zoology

You are likely to also need funding towards your research costs, which will depend on the exact nature of your project.
