Postgraduate Admissions Office

You must upload this form via your Postgraduate Self Service account in order to meet your visa offer condition. Please read the form very carefully before uploading.

In order to issue a Confirmation of Acceptance for Studies (CAS) to support a Student visa application, the University requires information on your current/previous UK study on a Tier 4 or Student visa AND any other valid UK visa or immigration status. This is to confirm visa support and to include any required information in the CAS.

Any errors or missing information could have implications for a Student visa application. If you do not hold a valid UK visa/immigration status and have not previously studied in the UK on a Tier 4 or Student visa, you will need to upload this form.

***Additional instruction if you believe you may not require a Student visa:**

If you intend to apply for a different UK visa and therefore may not require Student visa sponsorship from the University, you **must** inform us as early as possible. This will enable us to update your record and confirm whether you would be able to study with this status. Please email help@postgraduate.study.cam.ac.uk with details of the visa you have applied for or are considering applying for, if you have not already done so, and you will be provided with further instructions.
